ABOUT US..

SAVOIR FAIRE ENERGY LIMITED is a wholly indigenous Company, Incorporated with a zeal to provide quality Professional Services to the Oil and gas, Marine, Power and Production Companies in Nigeria and the Sub-Saharan region.

We Have;

- ❖ MIGRATED TO NNPC SAP ARIBA
- ❖ NIGERIAN UPSTREAM PETROLEUM NUPRC PERMITS
- ❖ ATEX CERTIFIED ENGINEERS
- ❖ APAV CERTIFIED ENGINEERS
- ❖ COREN CERTIFIED ENGINEERS
- ❖ NIGERIAN CONTENT EQUIPMENT CERTIFICATE (NCEC) IN PROGRESS

SAVOIR FAIRE ENERGY LIMITED
Your Process Technology Company.....

Core Values (SIDIT)

- Safety
- Integrity
- Delivery
- Innovation
- Teamwork

Mission

Add Value to our stakeholders by meeting and exceeding all expectations.

Vision

To be the preferred provider of integrated services to the Oil and Gas sector in Nigeria by constantly meeting our deliverables in the most cost efficient, timely and safely manner.

OUR MANAGEMENT TEAM

Anthony Ekeke
Managing Director

Engr. A. Rabeh MNSE, FNATE, FCAI, MNIEEE
Technical Consultant

Engr. Chris Emaviwe
Head Projects

Tonte Amachree
Head of Operations

Ntochukwu Ezenabo
Head of Legal

Ugo C. Okoye
Head of Business &
Contracts

Amarachi Ezeakolam
Chief Financial Officer

Abbe Ben

OUR SERVICES

www.savoirfaireenergy.com

SAVOIR FAIRE ENERGY LIMITED

Your Process Technology Company.....

SAVOIR FAIRE ENERGY LIMITED Over the years has Procured Project Materials, installed and commissioned instruments on facilities (onshore & offshore), in Nigeria most especially on the Dangote, Indorama, Port Harcourt Refineries, Totalenergies, Cetco Oilfield Services Company, Exterran NIGERIA Limited with the support of our strategic OEM partners.

Our pursuit of excellence and innovation sets us apart, ensuring that we not only fulfill our commitments but also explore new avenues to enhance clientele satisfaction and success of our valued stakeholders.

What we Do...

- ❖ Instrumentation (Process Control & Safety System)
- ❖ System Automation Services, (PAGA/F&G System) Installation
- ❖ Electrical (Power Management & Control System, Junction Boxes, Earthing/Lightening Protection System etc.) Installation
- ❖ ATEX Inspection and Certification.
- ❖ Mechanical (Welding and Fabrication, Pumps, Valves etc.) Installations
- ❖ Maintaining Offshore/Onshore Facilities Integrity and upgrade.
- ❖ Procurement & SCM
- ❖ Cranes and Equipment's

❖ Instrumentation (Process Control & Safety System)

SAVOIR FAIRE ENERGY LIMITED delivers control and safety systems to help provide a safer, more environmentally efficient manufacturing process. With a complete system offering – from distributed control systems to safety instrumented systems.

Which covers the four (4) Parameters as our basic principles;

- ❖ Pressure
- ❖ Flow
- ❖ Level
- ❖ Temperature

With Technical support from **VEGA INSTRUMENT, WINTERS INSTRUMENTS, SEIWA JAPAN, WISE CONTROLS and others** we now provide superior technology combined with industry-specific engineering, consulting, project management and maintenance services to optimize your operations.

SAVOIR FAIRE ENERGY LIMITED

❖ Instrumentation (Process Control & Safety System)

We can provide but not limited to the followings;

- ❖ DCS and field instrumentation.
- ❖ Tank Calibration and Gauging systems.
- ❖ Control Valves Calibration
- ❖ Transmitters Calibrations.
- ❖ Switches (Temperature, Flow, Level, Pressure).
- ❖ Level Measurement using Radio Active Sources.
- ❖ Instrument Junction Boxes Refurbishment and Certifications.
- ❖ Refurbishment of Thermowells and Temperature Elements.
- ❖ We specialize on valve inspection, Maintenance and Testing.
(Range of valves for maintenance includes Control Valves, Safety Valves, Block and Bleed Valves, Diverter Valves, Gate Valves, Ball Valves etc.
- ❖ Radar, Ultrasonic, Capacitance and level measurement.
- ❖ Liquid Density Measurement (Integrated mass flow with flow meter).

SAVOIR FAIRE ENERGY LIMITED

❖ System Automation Services, (PAGA/F&G System) Installation

- ❖ Gas Detection Systems.
- ❖ Emergency Shutdown (ESD) and Fire & Gas (F&G)
- ❖ PAGA and Access Control system
- ❖ Electrical Control Systems
- ❖ Supervisory Control and Data Acquisition (SCADA) systems
- ❖ Terminal / Depot Automation
- ❖ Variable Frequency drive & Soft starter.

SAVOIR FAIRE ENERGY LIMITED

❖ Electrical Installation (Power Management & Control System, Junction Boxes, Earthing/Lightening Protection System etc.)

SAVOIR FAIRE ENERGY LIMITED provides a wide range of electrical engineering and installation services, not only during the installation phase but also to maintain, service, retrofit, and upgrade installed equipment with experienced electrical technicians, electrical engineers, project managers and quality control engineers working towards customer demands and project needs.

With Technical support from SEIWA JAPAN we can provide to KRPC fit for purpose intrinsically safe Plant Lighting system.

- Fixed Installation Inspection and Testing to BS7671
- Periodic installation, Inspection and Testing to BS7671
- Earth Resistance Testing
- Conductance Testing
- Thermal Imaging Testing

❖ ATEX Inspection and Certification.

With our extensive knowledge and experience, we satisfy and support our clients' needs via verification and integrity of their ATEX equipment and systems. Our ATEX and APAVE inspectors are dedicated in carrying out repairs on ATEX equipment and then re-inspecting and Commission.

With our relationship with Bureau Veritas, we just completed ATEX Inspections and Certification on AREA 5 Instrument Junction Boxes (PHRC)

We can provide the following services:

- ❖ Full Hazardous Area Ex Inspections for ATEX, DSEAR and EEHA compliance
- ❖ Independent Verification of all installed Ex equipment
- ❖ Ensure compliance with all standards and regulations
- ❖ Compile Ex Registers, verification dossiers and client databases
- ❖ Hazardous area and Ex equipment training
- ❖ Ex repairs
- ❖ Ex equipment installation and maintenance
- ❖ Ex surveys & risk assessments
- ❖ Explosion protection documents

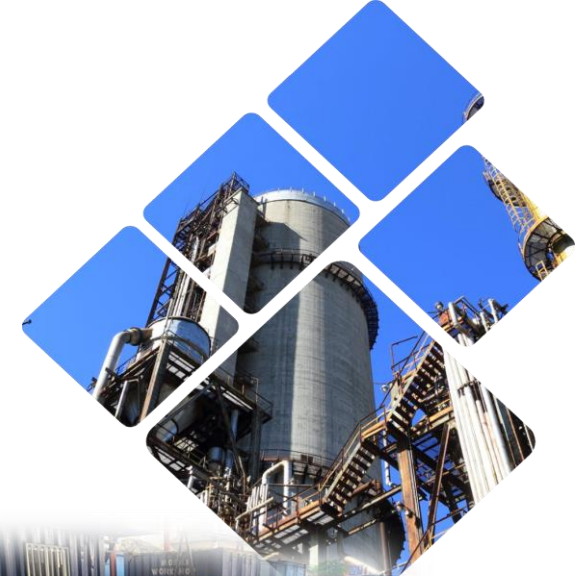

❖ Maintaining Offshore/Onshore Facilities Integrity and upgrade.

Our offerings span complete asset management solutions to operational activities from decommissioning to commissioning.

SAVOIR FAIRE ENERGY LIMITED helps Clients to improve performance and extend their asset life, focusing on minimizing downtime, enhancing cost-effective production and maximizing return on investment, while working with the highest HSE standards.

Our Asset Support team is engaged primarily in:

- ❖ Pipe Rehabilitation and Leak Repair Kits for Superior Leak Sealing .
- ❖ Valve Inspection, Maintenance and Testing.
- ❖ Motor and Alternator Rewinding works.
- ❖ Coating and Repair Composites
- ❖ Lighting Protection
- ❖ Pre-commissioning & Commissioning
- ❖ Start-up Services including supply of Engineers, Technicians, etc.

❖ Procurement & SCM

SAVOIR FAIRE ENERGY LIMITED possesses substantial purchasing power, enabling us to fulfill the procurement demands of industrial projects of any scale and complexity. Our commitment to excellence extends beyond procurement; we take pride in our ability to provide comprehensive after-sales support services that add significant value to our customers.

SAVOIR FAIRE ENERGY LIMITED stands at the forefront of the industry, leading the way in offering comprehensive turnkey procurement solutions that encompass a wide spectrum of services, including but not limited to:

- Strategic sourcing,
- Materials management,
- Contract management,
- Expediting
- Materials inspection (QA and QC) services,
- Warehousing and logistics optimization.

www.savoirfaireenergy.com

❖ Procurement & SCM

Ranges of Project materials procured and delivered include but not limited to:

- ❖ Temperature /Pressure Gauges, Transmitters, Switches, Thermowells, etc.
- ❖ Line Pipes (Product Lines) and Structural Steel Materials.
- ❖ Valves.
- ❖ Flanges, Gasket and fittings.
- ❖ Lubricants and Chemicals.
- ❖ Pumps.
- ❖ Rotating Equipment,
- ❖ Skid Mounted Fabricated Packages
- ❖ Power Turbines & E-Houses.
- ❖ Mooring Systems & Ropes.
- ❖ Bulk Electrical & Instrumentation Materials
- ❖ Crude Oil Transfer Hoses, Mooring Systems & Ropes.
- ❖ Heat Exchangers
- ❖ Cement
- ❖ Generic or MRO Materials.
